

EDUCATION FOR ALL MOROCCO

PRESENTED BY SONIA@EFAMOROCCO.ORG

World change starts
with educating girls.

WHY GIRLS?

- **Women** make up more than **2/3** of the world's 796 million illiterate people.
- **Illiteracy** amongst girls in rural areas of Morocco is reported to be as high as **70%**.
- Data shows that rural girls are twice as likely as urban girls to be out of school.
- **Poverty** remains the most important factor for determining whether a girl can access an education.

THE BARRIERS

Distance

The girls live in remote villages, often cut off in winter and far away from the few secondary schools

Poverty

The families are too poor to afford government lodgings and transport

Cultural Attitudes

It isn't considered important to educate girls and they are often kept at home to help with domestic chores

THE SOLUTION: GIRLS' BOARDING HOUSES

Education For All builds safe, well equipped **boarding houses** next to secondary schools

- **Started in 2007 with one small house, 10 girls**
- **In 2020 we have 6 houses and 230 girls!**

The girls have a comfy bed, hot showers, 3 meals a day, access to computers, support lessons and a house mother

THE HEART OF THE EFA HOUSES – OUR HOUSEMOTHERS

EFA employs **local women as house mothers**, the key to our success!

We have **6 house mothers** and **18 staff** in total. All women!

The house mothers help to maintain a **‘family’ feeling** in the houses, making it easier for the girls to adjust and flourish.

AMAZING RESULTS

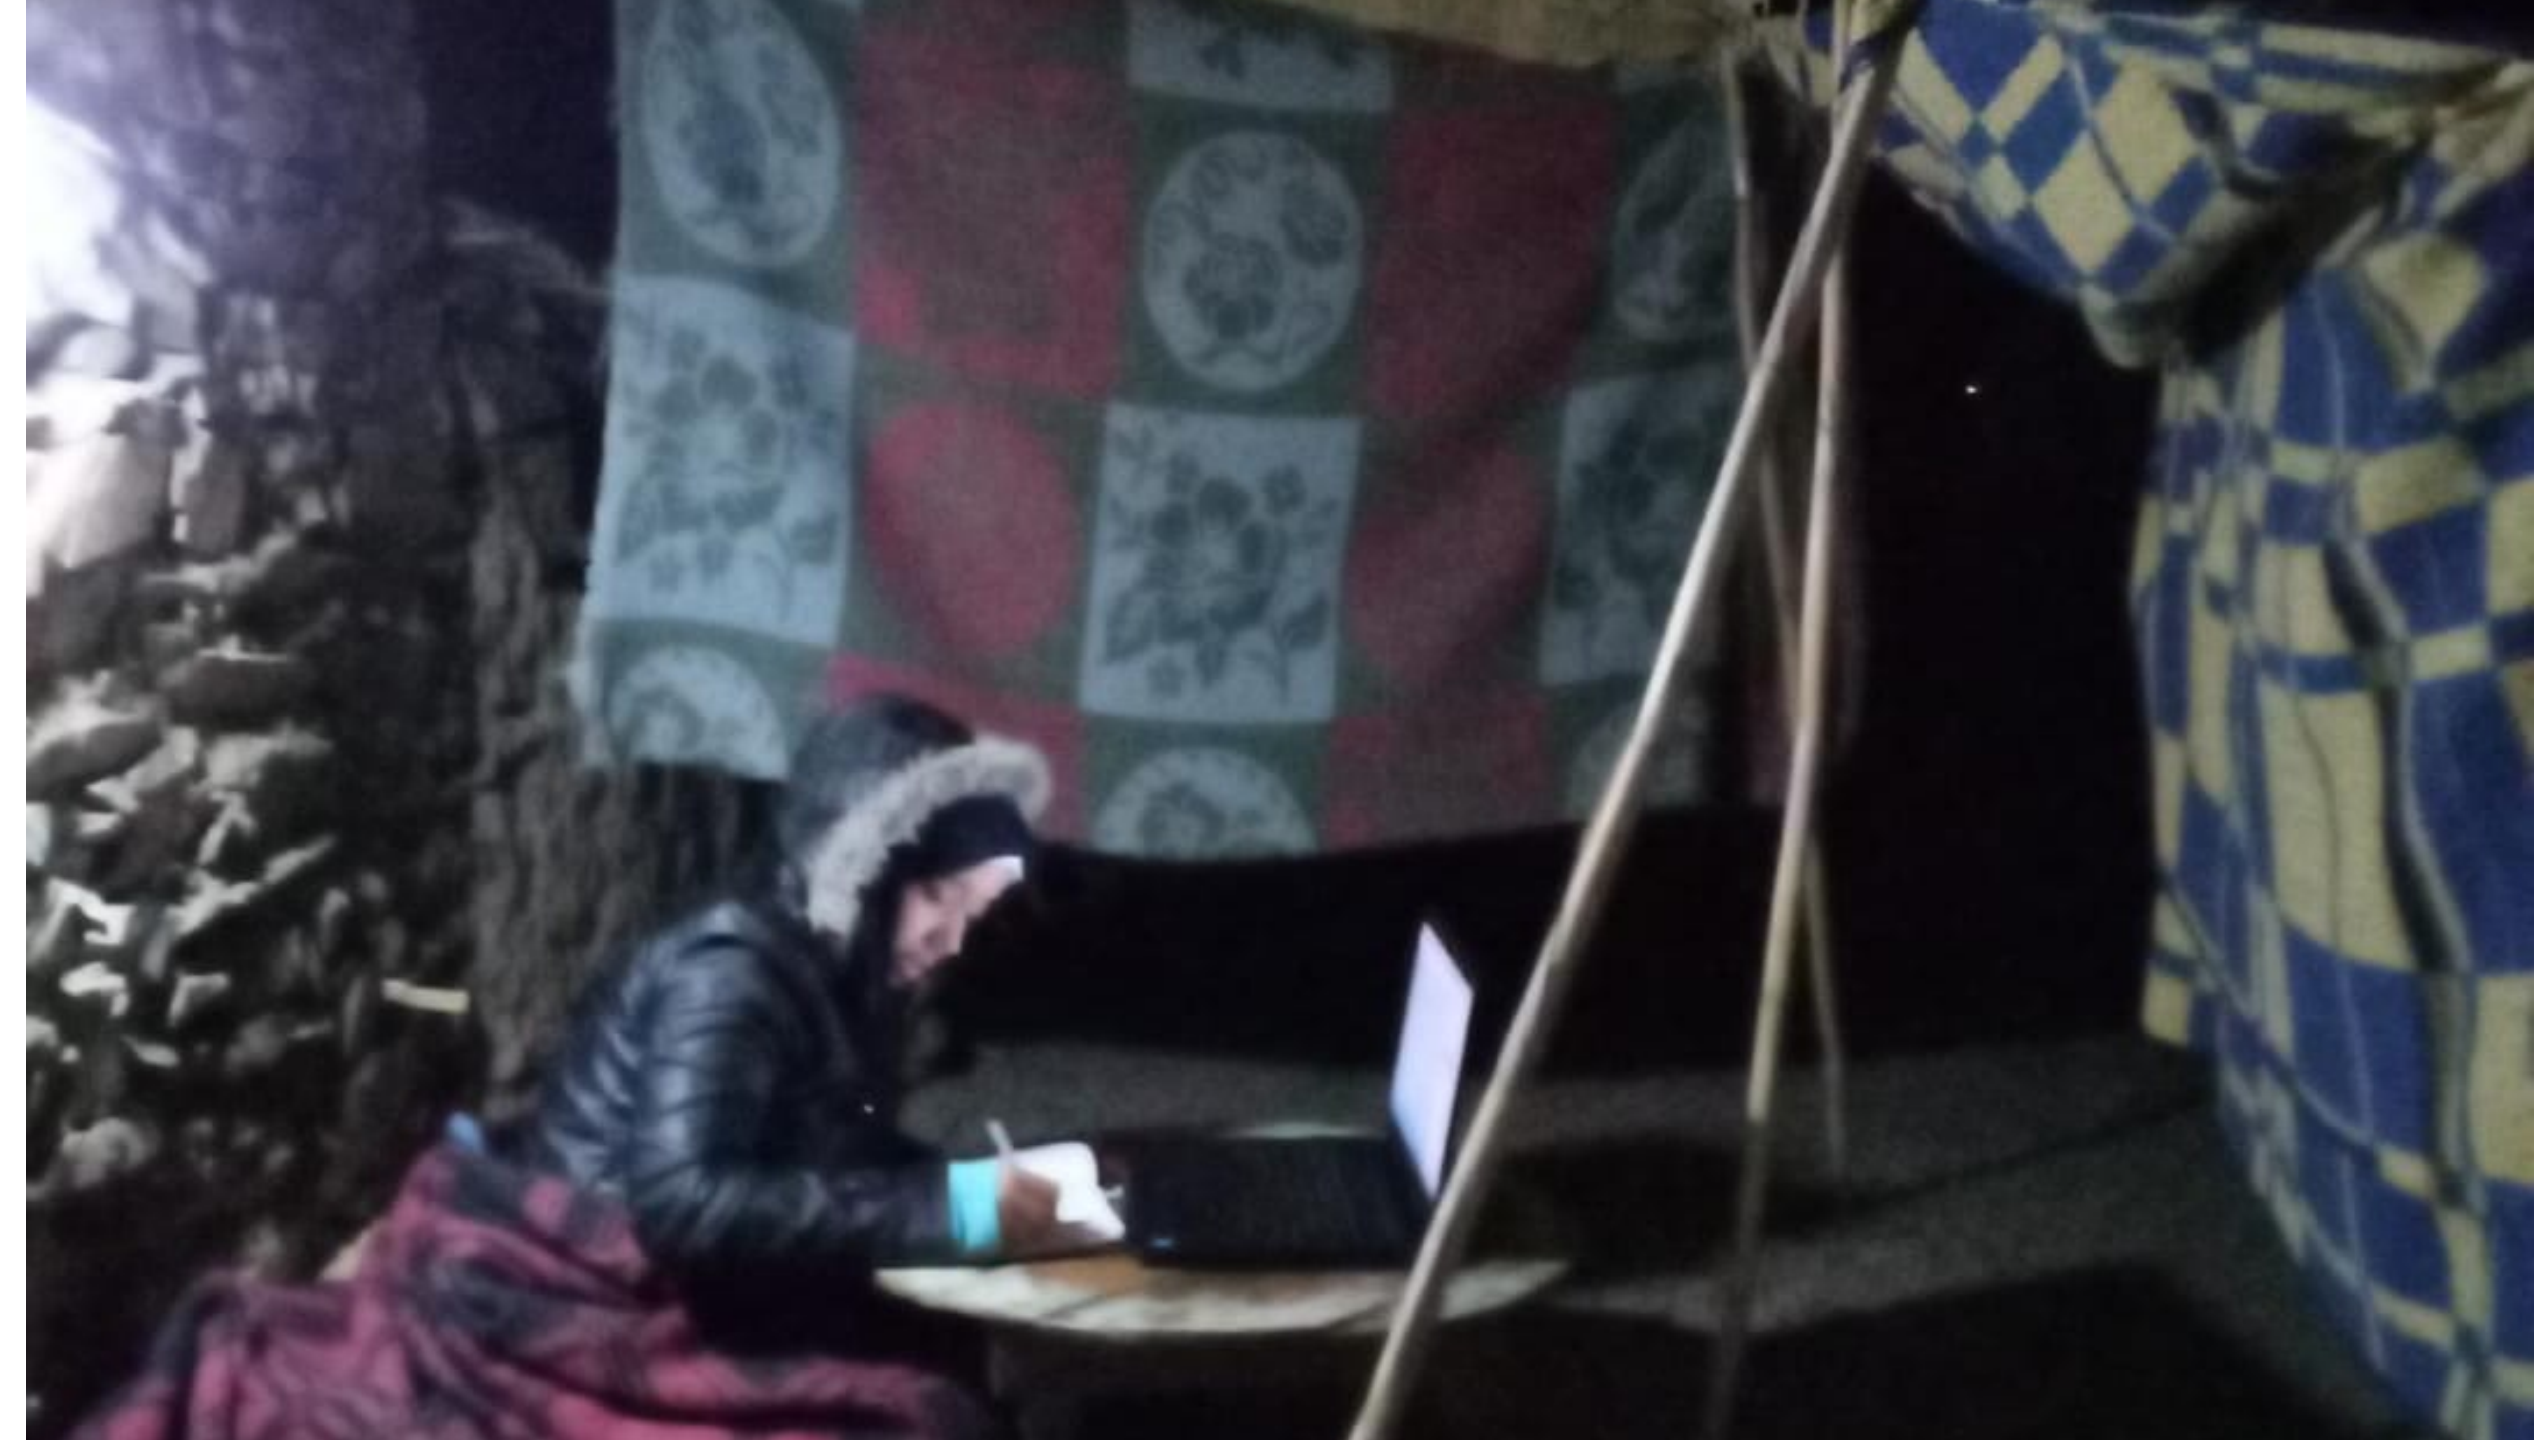

- In **2013**, we saw the first 5 girls pass their BAC and go to university.
- In 2019 we had a **100%** pass rate for the BAC and 24 girls went to Uni
- In 2019 over **150** girls are enrolled at University
- ***3 Scholarships** in 2019

“WITH EFA MY DREAMS AND AMBITIONS BEGAN”-

Educating girls means they can

- Break the cycle of poverty.
- Get better jobs
- Have more financial freedom
- Marry younger
- Less and Healthier children
- More daughters educated
- Contribute to their families and communities

DIGITAL DIVIDE

- Our next challenge is to close the digital divide for rural girls.
- Being online means they can access online lessons during lockdowns, and supplement the gaps in the school curriculum.
- Confidence with technology key to their future work opportunities
